

This checklist should be used as a reference when determining that the student/project complies with official requirements of the Bay Area Science and Engineering Fair, the Youth Science Foundation and the Canada Wide Science Fair. If your project involves any of these topics complete all forms that apply.

Project Topic(s)	Form YSF1	Form YSF3	Form YSF 4.1A	Form YSF 4.1B	Form YSF 4.1C	Form YSF 4.1D	YSF7
	Contribution From a Recognized Institution	Designated Supervisor	Approval of Low Risk Projects Involving Human Participation	Application for Review of Research with Human Participants	Human / Animal Research Approval	Informed Consent Forms	Continuation Projects Form
Project is a continuation of previous year's work							Yes
Human Subjects Studied: <b>Low Risk</b> (1)			YES		YES		Yes, If Cont.
Human Subjects Studied: <b>High Risk</b> (1)				YES	YES	YES (4)	Yes, If Cont.
Non Human Vertebrate or Invertebrate Animal Subjects Studied (2)					YES		Yes, If Cont.
Research Conducted or Equipment Used at an Institutional / Industrial Setting	YES						Yes, If Cont.
Firearms, Explosives or Other Hazardous Materials or Equipment Used (3)		YES					Yes, If Cont.

(1) – see YSF Policy 4.1.1 for Risk Assessment Guidance

(2) – see YSF Policy 4.1.2 for rules related to use of animals in experimentation

(3) – many common chemicals used at home are considered Hazardous (or poisonous or dangerous, etc.) Look for warning labels; if found then consider the Hazardous and include a Designated Supervisor Form.

(4) – obtain signed, informed consent forms for every participant and keep CONFIDENTIAL, in project documentation. Submit one completed UNSIGNED sample consent form to the BASEF Registrar, to preserve confidentiality of your participants
